TWO-YEAR-OLD TROTTERS. Maggie Won Two Out of Three Heats in Ener Stride and Time.

In placy Seriale and Time.

The opening event was the stake race for 2 year old trotters of the 2-sit class, and four youngaters came out for the word. They were sent of on the first serie, Harvey Ernst, the driver of Mill Eady, nothing for the word two longths back. The pase from the wire was slow, and before the first turn was reached the veteran driver. Charles Marvist, had taken the pole, coming from third place with the chestnut filly Minggio. From this point to the finish of the heat Maggie was never headed, finishing on a log in 2-30 that, a new mark for the racy daughter of Jorono Heath. The contest for positions was time instead, Mason Nutwood thishing easily in second place, while C. W. Williams with the Allerton coil Forces only drove to beat the flag, as did Ernsi, after Mill Lady made a losing break on the back stretch, and they linished in the order mentioned.

The second and deciding heat was sasily won by Maggie, the only contest being for second place, Perron coming easily into the position; breaks by Mason Nutwood and Mill Lady leaving them away back at the close. The winner is a low-headed, steady going little mare and holds the Michigan yearling record, 2-42%.

TWO-FORTY TROTTERS. Lexington King Takes the Purse Without Great Difficulty.

Sandwiched with the colt race was the purse event for 240 trotters, with five stariers. Lexington King, an uphanied buy stallion, driven by W. H. Kirby of Harry Noble fame, and the big, hard working black stallion. Mink Wilkes, were the only good acting ones in the first heat, and they trotted the mile close together, finishing only heads apart, the buy horse winning. Famey T seemed a trifle fied up m her gait and Harch made no drive for the heat, while Harpy Princess did not strike a square trot during the editire mile and was distanced for running. The second heat was a see one affair between Lexington King and Mink Wilkes, the former breaking after leading to the quarter post, and losing his position to the black. Kirby sat still behind the one-eyed horse and easily beat the big gaited son of Young Wilkes to the stretch. Sandwiched with the colt race was

THREE-YEAR-OLD TROT.

Medio, the Favorite, Wins in Three Straight Heats.

The race for 3-year-olds, in which there were eight starters was resolved into a duel between the two bay colts. Medico, by Pilot Medium, and Haron More, by Baron Wilkes, but in the first mile Medic opened up such a gap in the first quarter before Haron More could get through the rack that Raybould had an easy task to win with the Michigan colt, and he came to the wire in a jog in 2-19%. The second heat was faster than the first, but Medic won as easily and with apparently a reserve of speed at the finish of the mile in 2-17%. The scrap for third and fourth places was sharp between Capt. Marcy and Coralline, the grey filly almost nipping the tired colt under the wire. The final heat was almost a repetition in detail, Medic again withing in fast time, with Baron More a tired second. Coraline came fast through the stretch and won the third position, which gave her fourth money. fourth money.

in Succeeding Trials. There were ten starters in the \$2,000 stake for 2:00 papers, and of these there were at least six equal to a mile in 2:12. Sarnoy was the favorite, but was handicapped by being driven by his owner, an estimable gentleman no doubt, but with superatemdant adipose tissue, and milorned with laco curtains, cot indiboot she was not in avidence. A quiet tip was out on Peter Johnson's big bay gending Duty, but few believed him equal to a mile fast enough to win a heat in such company. There was nothing in it with him in the first heat, heat in such company. Have was nothing in it with him in the first heat, and bould applause greated him as he drops under the wire with every show of case in 2015, after leading all the way from the half were Weber Wilkes now liv. J., and they finished in this notice, second and third. In the second heat they jed by an open length from the first turn to a point well inside the singer distance, but he imped off his foot and Lamille H. came from fourth place and won the heat somewhat handely in 2.12. Barney made a strong hat for the heat, but he did not have then Kenney in the selley and Weber Wilkes won their place from him.

The third heat was a snap for Lucille H, and sho wen by several blocks, while several of the paceurs which were prominent in the early part of the race were an dead that compared to them. Fallow Court would be as lively as a Urench dancing master. By request of

Franch dancing master. By request of Sp. P. Bruce, the owner and driver of Earsey Raybould was put up behind the horsen gehiller and distre a great heat with a trend lorse, but could not quite reach the game Limits.

We ought never to forget, even those of us who possess vigorous health, that we are wearing out—that the vital clock work, so to wearing out—that the vital clock work, so to speak, must eventually run down. This, o course, we cannot prevent, because it is in the ordinary course of nature, but we may retard the too speedy arrival of decay by the use of an invigorant which takes rank of every other—namely. Hostetter's Stomach Bitters. This century has not witnessed a parrallel in success to this famous medicine, which not only sustains health by premoting vigor, but overcomes constitution, dyspepsia, chills and fever, nervousness, rheumatism and other disordered conditions of the system fostered by weakness and an impoverished condition of the blood. The feeble, persons convalescing after exhausting disease, and the aged, derive inighte benefit from the use of this helpful and efficient tonic. Wilson, b. a.

enthusiasm and confidence of the buyers were limited to the yearling stake,
the 7:24 treat and the 2:13 pace. No
pools were said on the 2:10 pace or the
2:35 treat. Maria D. and Buffington were
the favorites in the yearling stake. Each
brought \$20 to \$10 for the field. The
field was considered a good thing by a
large number of the fraternity, and it
was bought freely. Grand Rapids patriotism asserted Itself freely in the 2:24
treat, and the local sporting men cheerfally backed Don Leathers' La Tosca.
The speedy daughter of Madrid was a
hot favorite, and sold for \$20 to \$10 on
the field. Katic Earl brought \$15. If
the tipe of the "touts" count for any
thing Alvan Swift is a sure winner in
the 2:13 pace. He sold for \$20 in the
pools last night. Telegram could be

Why the Copeland Plan of \$5.00 a Month for the Best Medical Treatment Commends Itself to All Thoughtful People.

The masses, the common people of today, enjoy many advantages that were unknown to the monarcha and naboles of a preceding century. A hundred years are, if a king or a millionaire sanded to send a message very hurriedly across a continuation across a see, he had to use expansive hereas or buy a stilp. Today, by means of the telegraph or teleghome, you can send a listure a thousand miles by a dart of lightning, or whisper in another's ser a thousand miles away, at the cost of a few postage stamps. The tendency of civilization is to make the benefits of science inexpensive and universal, and, so far from the inherent excellence of a thing being determined by a price correspondingly high, the best things we have in this world are rapidly coming to be regarded more as the offerings and blessings of nature and to be afforded at a merely nominal cost. The light and beauty contained in good bocks now cost little more than minbows and suntasms, and an electric candle is changer than a pine torch. In Grand Rapids under the plan of the Copeland Medical Institute, the tenedits of science in the direction of curing chronic diseases and relieving human pain and misery are now provided on a like principle that all things indespendible to the well being of the masses should be made linespensive and universal. Dr. Copeland whose spicin, as practiced by the Copeland Medical Institute, is generally conceded to be the most edicient and successful now in use, insists that the best medical treatment for every form of chronic disease should be provided at 35 a month, all medicines included. This is less than one-quarter the fee usually required, but be holds that it is exough; that the thoroughly scientific handling of all chronic diseases can be afforded on that basis and that it ought to be provided at that fee in order that its benefits may be available to all CONSULTATION AND EXAMINATION FREE.

The difference between the "temporary cures" and the cures wrought by the Copeland method, is well libustrated in the case of Mr. T. J. Halnes, who resides at 237 Broadway, and is a gentieman well known in this city. Mr. Haynes is engaged as shipping clerk for the Sligh furniture factory. He says:

T. J. HAYNES, 257 BROADWAY.

"Now, as a result of the treatment by Dre Copeland and Graham, I can see that in a particular have they failed to accomplish just what they promised. I have waite long enough since treatment to be fully attesfed with the results, and as convinces that they will last. One thing it particular for which I feel very grateful is the improvement in my general condition. I had been very nervous and am satisfied that I could never have done the work I did hast winter that in not been for the treatment I received I noticed a decided improvement in my memory and a general strengthening of the the nervous system. My head feels close and free now and I can in justice only say that I feel there is but one care for catarri worthy the name, and that is at the Copeland Medical Institute. Drs. Capeland and Graham were frank and honorable in their dealings with me, and I can conceinatiously recommend them to all sufferers."

\$5.00 A MONTH.

ALL PATIENTS WILL BE TREATED UNTIL CURED FOR SO PER MONTH. THIS INCLUDES CONSULTATION, EX. AMINATION, TREATMENT AND MEDI. CINE FOR ALL PATIENTS AND FOR ALL DISEASES.
